				Utah *	*	**	**	**	**	*		*		*
				Washington *	*	**		**	**			**	*	*

Our current Play Cards are set up for these ratings. If you have an older play card set, you can use this option by marking cards:

Regular deck-Possession readings
One Center & One Power Forward**
*One Small Forward** & One Shooting Guard***

No-Dice Deck Possession readings
Double the above for regular deck (mark two cards with each reading)

To use team Pace Ratings:
These optional ratings help fine-tune pace in seasons so rated...

Before each game, note teams' Pace Ratings on scoresheet (teams not listed are considered to have a Pace rating of 0, or no rating).

During play, whenever a Play Card possession reading has an asterisk * beside the position, and team rating is * or **, result is a Pass--flip the next Play Card for a new reading. Whenever a possession reading has ** beside the position, and team rating is **, result is a Pass- flip the next Play Card for a new reading.

If a team has no rating, the * and ** have no effect on the result (no extra Play Card flips).

Passes as a result of a Pace check count toward a potential shot clock violation (same as other passes).
